

Features

Anchor and secure EziBlank Wall in place.

Clean and easy to install, with double-sided tape and specialized plastic screws.

Align perfectly multiple EziBlank® Walls installed in a row.

Containment Air Flow Control

A cost effective way to making the EziBlank® Wall even more effective and secure.

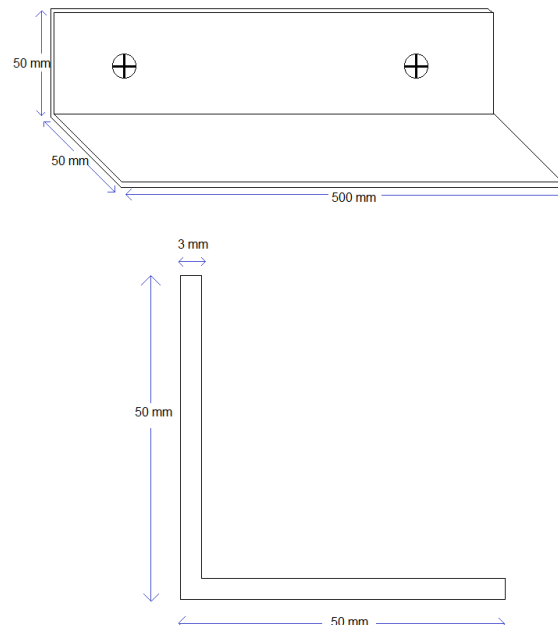

These add-on mounting angle are designed to further secure our popular EziBlank® Walls in place. They are particularly useful for aligning (at top) and securing multiple EziBlank® Walls (see illustration above). The single angle can be fixed to the wall or across two walls by use of provided black plastic screws. Also, for extra securing the angle can be fixed to the floor by use of provided double sided tape tabs.
